The general cargo vessel MV HIROYUKI (IMO No. 8926327), registered under the flag of Comoros, was observed stationary with a bearing of 258° from the nearest land point, Hikkaduwa, at a distance of 2 nautical miles since the morning of 19 July 2026. **The vessel's last port of call was reported as Manila Port, Philippines.** The vessel's Length Overall (LOA) and breadth are 76 m and 13.6 m, respectively. **Its next port of call is reported as Port Rashid, UAE.** The owner company of the vessel is "I Cargo Company," China. A total of **09 crew members** are reported onboard, all of whom are of **Russian nationality**. The vessel entered the Sri Lankan Exclusive Economic Zone (SL EEZ) on 14 July 2026. During the vessel's voyage, it was observed that the vessel was proceeding at a speed of less than 5 knots, and for most of the time, dark activity was detected (AIS signal not transmitted).

Further, the Command Operations Room, SNA, was informed regarding this incident and via Port Control Galle, the vessel was contacted and challenged on 19 July 2026. The vessel stated that it was undergoing onboard repairs due to a defective seawater pump and that, upon completion of the repair work, it would resume its voyage towards the intended destination. However, during the last 48 hours, Port Control Galle and the Command Operations Room, SNA, have attempted to contact the vessel, but no response has been received. Currently, the vessel is being monitored by IFC Colombo and the Command Operations Room, SNA.

All RADAR Station to be vigilant and report any anomalies to IFC Colombo.
